TO OUR PROSPECTIVE PARTNERS

The Canadian Undergraduate Computer Science Conference (CUCSC) is an annually-held academic conference where undergraduates across Canada gather to discuss and explore the latest developments in cutting-edge research in the field of computer science. These topics range from machine learning to software engineering.

For the conference's fourth year, and for the first time, CUCSC will be held in Windsor, ON at the University of Windsor. On July 25 - 27, 2019. Over 100 students will join this three-day event to discuss and collaborate between Canada's brightest computer science undergraduates and experts from both academia and industry. The theme for this year's conference is "The Future of Computer Science".

Students will be given the opportunity to present their research or class projects and exchange their ideas with other like-minded individuals at the conference. Furthermore, they will be able to participate in organized events and workshops to enhance their knowledge in computer science related topics. We believe that these activities will give students an introduction or refresher to entrepreneurship and popular topics in computer science.

For a look into the conference, the previous conference's website is www.cucsc.ca. The website will be modified to suit this year's conference later on.

In conclusion, we would like to invite you to become a sponsor and join us in supporting this event for upcoming computer science students!
If you have any questions, please contact us at sponsorship@cucsc.ca

THANK YOU,

WHAT IS CUCSC?

The Canadian Undergraduate Computer Science Conference is a national research conference that celebrates the latest in undergraduate research and explores the future of computer science.

Participants are invited to discuss and collaborate with Canada's brightest computer science undergraduates and experts from both academia and industry.

WHEN

July 25th to 27th 2019

WHERE

*University of Windsor Campus*

DETAILS

Distribute promotional materials to participants throughout the event.

Network with students and experts; recruit new members of your team.

Logos, shout-outs and promotion on social media and during the event

WHY SPONSOR?

Put your company in front of the future of the industry this year at CUCSC. Hundreds of the leading undergraduate students from top universities will be looking for new collaborators each day. By sponsoring this conference, you let them know that you are excited about their work and give them the opportunity to learn about your organization.
